Kini’s Taro ‘Inamona Crusted Fish with ‘Ulu Pave

This dish represents my heritage: Hawaiian, Chinese and Irish. Most of us in Hawai‘i are of multicultural backgrounds and I wanted a dish that uses local Hawaiian ingredients and shows my diversity as a chef and person. Taro (or kalo) is the soul of Hawai‘i, often pounded into poi and its leaves, stewed. ‘Inamona, crushed kukui nut (candlenut) is used as a condiment or relish in Hawaiian food. ‘Ulu or breadfruit is also prevalent on our islands. Pave means cobblestone in French but in a cooking context, it is anything whose shape is square or rectangle.

This recipe is made in 3 Phases. Phases I and II are prepared ahead time. Allow at least 2-3 hours for these 2 phases. Phase III is done 30 minutes before serving so you should time your meal accordingly. This dish while it seems involved and takes time, is actually quite doable when broken down into these 3 phases. This recipe is for 2 servings so make it for your special someone for a special occasion.
